STAR POWER

RESHMA BHANDARI
Astrologer and Vastu Expert

Reshma Bhandari, an Astrologer and Vastu expert, never actually believed in this enchanted field till she experienced its power herself through a difficult situation that broke her mentally and physically. "I am not saying Astro or Vastu healed but it gave me positive energy and a boost to respond to doctor's medicines and treatment," she elaborates.

Her specialty includes working for different industries across India. After understanding the client's problems, she gives them only natural and permanent solutions, according to an individual's Vastu. "I believe in complete transparency with clients and explain to them the process and solutions in a scientific way. It's not magic, but it works like magic," she unravels. Another point that she takes into consideration the client's budget while planning the Vastu. She also is an ace astrologer. Through astrology, she does career counseling, relationship counseling and future guidance. She believes, "Astrology is like a Google map to your destination!"

Apart from Vastu and astrology, social cause holds a special spot in her heart! She helps the poor free of cost for their Vastu problems and also donates 20 per cent of her earnings to charity either in an NGO or to the needy ones on road. Taking lectures free of cost for many organizations to create awareness for these valid shastras, is just another feather to her cap.

In the future, her ultimate goal is to create happy clients and a family, she has started working on many projects from the start like architecture, civil, interiors for more effective work and solutions. She also plans to start online consultation for foreign clients as Indian shastras are demanded in all markets overseas.
